

# Lean Six Sigma Awareness Course

1 day - Public or On-Site Course

## Green Lean Solutions Training - Why choose us?

- Our training is provided by very experienced consultants with both an academic and industry background
- We lead the process improvement community with our unique and innovative method of using Lean Six Sigma to gain environmental benefits in addition to the traditional cost, quality and delivery gains
- By keeping our overheads low, our prices are extremely competitive

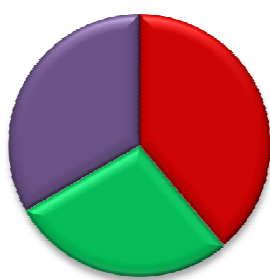

**Potential Participants** - This course is aimed at those from any industry sector aiming to gain a brief overview of Lean 6 Sigma

- People & Team members supporting Lean 6 Sigma Projects
- Managers / Senior Executives
- Directors and CEO's
- People curious about Lean Six Sigma who would like an insight into what it can offer their organisation

## Course Objectives

- Provide an overview of the Lean and 6 Sigma
- Develop an understanding of why and how to deploy Lean 6 Sigma
- Understand the roles within Lean 6 Sigma
- Provide 'Real' Case study examples demonstrating the approach and its benefits in terms of cost, quality and delivery

## Awareness Course Structure

- Lectures \ Questions
- Case Studies Examples \ Discussion
- Tutorials \ Practical exercises and Tasks
