

Lean Awareness Course

1 day - Public or On-Site Course

Green Lean Solutions Training - Why choose us?

- Our training is provided by very experienced consultants with both an academic and industry background
- We lead the process improvement community with our unique and innovative method of using Lean Six Sigma to gain environmental benefits in addition to the traditional cost, quality and delivery gains
- By keeping our overheads low, our prices are extremely competitive

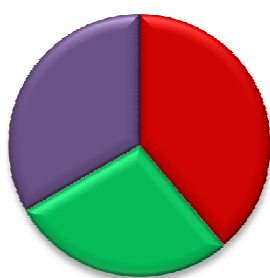

Potential Participants - This course is aimed at those from any industry sector aiming to gain a brief overview of Lean principles and applications

- People & Team members supporting Lean Projects
- Managers / Senior Executives
- Directors and CEO's
- General product/service operations
- People curious about Lean Six Sigma who would like an insight into what it can offer their organisation

Course Objectives

- Provide an overview of the Lean
- Develop an understanding of why and how to deploy Lean
- Understand the roles within Lean
- Provide 'Real' Case study examples demonstrating the approach and its benefits in terms of cost, quality and delivery
